

Main conclusions of the Workshop on ECONOMIC DEVELOPMENT, CULTURE AND STRENGTHENING OF ADMINISTRATIVE:

- It is a broad thematic with a transnational character

Sub priorities that can be approached within the 3rd priority of the future Danube Strategy:

- rural development
- tourism development
- natural and cultural heritage
- straightening the business sector

Projects discussed within the workshop:

- small projects with local impact
- bigger projects financed by ERDF

Future projects:

- developing a brand for the Danube – project idea
- project development should take into account the territorial potential and specificity

Financial instruments should be correlated within the Cohesion Policy

For the future the participants saw two possibilities regarding the Danube Strategy either: one programme dedicated to the Danube including all the river basin countries or financial provisions dedicated to the Danube within the national programmes of each river basin countries.
